

## ***Calling the Next Generation of JSKCON Leaders***

*Catch the wave of the future!* The North American GBC and Spiritual Strategic Planning Initiative are *actively seeking qualified second generation men and women* to fill an array of important leadership positions within our ISKCON movement.

Years of experience have provided you a unique perspective into our society's strengths and weaknesses. Now is the time to bring forward those insights, to partner with our current leaders, and to build a more successful future for our movement.

This effort will be funded and there may be grant monies available for devotees wishing to get involved, particularly those who are willing to enter training and mentoring programs. (see below).

We are also dedicated to redefining the classic concept of devotee maintenance by creating a financial care package that will include housing, education, health care & a livable stipend for those devotees willing to take on leadership positions. Devotees who will care for and value the contribution of each individual devotee, who will approach management with a practical and competent mindset, and who are eager to pursue their spiritual lives are strongly encouraged to participate.

To receive a copy of our prospectus or discuss possibilities with us, please contact:

Manu <a href="mailto:manu@krishna.com">manu@krishna.com</a>	352 283-4181
Caitanya Mangala <a href="mailto:cwalker5@hotmail.com">cwalker5@hotmail.com</a>	310 467-2146
Sudharma <a href="mailto:sudharma@alltel.net">sudharma@alltel.net</a>	386 462-2306

Also, ***Scholarships*** available for the  
***2006 – 2007 Radhadesh Leadership Training Session***

*Chateau de Petite Somme*
